

GIFTED HANDS

Make Life Easier.

Peace of Mind

We provide professional services and companionship care services for the Corpus Christi and Coastal Bend area. We can help you and your loved ones with hospice care and other excellent services via our professional staff 24/7 at Gifted Hands.

We're Dedicated to You

Let us help with around-the-clock medical and non-medical care for your loved ones. Our focus is home health care, an cost-effective alternative to expensive hospital or institutional care. Our hospice services are based on our guests' needs and defined by their current physician's plan of care or specific requested ones. They can range from 24-hour-a-day care to monthly visits from skilled home health aides.

Why Choose Us

A big advantage of private provider services (in many cases) permits a person to be discharged earlier from a hospital, reduces hospital admissions, and assists with a more rapid recovery. Most importantly, people are happier at home and receive more care and attention from family, friends and home health care professionals that are monitoring them 24/7.

How We Can Help

Caregiving can be stressful, especially for family members caring for their loved ones. Our services offer solutions to bring you peace of mind.

Senior Home Care

Most seniors prefer to stay in their own homes. Our services promote dignity and independence to individuals to enable them to live in their home with assistance. Our caregivers provide the necessary care where it's needed most to maintain daily routines and do some of the things they have enjoyed in the past. We're here to make life easier.

To Us, You're Family

The families we care for aren't just clients to us, they become family. We have provided services to many of our families for years because we work hard to establish long lasting relationships with everyone involved.

Like family, we are always there for you when you need us. Your schedule is our schedule. Call us today to schedule a no-obligation, free consultation to go over your needs.
